

ACS
Chemistry for Life[®]

Welcome to the Chemistry Club

ACS
Chemistry for Life[®]

What we can do

1) What does the chem club do for you?

- Outreach to community
- Networking with professionals
- Interaction with colleagues
- Ability to join ACS and get member privileges

Join ACS to receive member privileges

Community Outreach

Study Groups

Want to be an ACS national member?

Talk to us and we will guide you!

ACS
Chemistry for Life[®]

Community Outreach

The Boys and Girls Club
Introduce Chemistry and Interest in Science

- Increase students' self-efficacy toward pursuing careers in science.
- Help to increase students from underrepresented groups in science and engineering.
- Provide science service learning opportunities through community volunteering.

Proposal still pending
